Dear Mr. Harari,

As we constantly are getting compliments from neighbors and friends for having such a marvelous and shiny limestone in our home, we would like to take this opportunity to compliment you for the outstanding service you performed on our limestone floors last month!

This is the second time we used your services and will definitely continue to do so. Only that fact is speaking for it self!

Once again thank you for an excellent service!

Most Sincerely,

Paul and Hisako Terasaki
